

# WESTSHORE DISTRICT EMERGENCY ACCESS CARD REQUEST

The Emergency Access Card Program was developed to assist emergency and rescue crews identify those individuals authorized to enter the Westshore Business District following a disaster or emergency. Building owners can register up to three (3) authorized personnel (*owners, property managers, engineers, facility managers - those trained to determine safety of the building*) to receive reentry passes that allow them access to their building **for the limited purpose of evaluating the safety and security of property before allowing tenants, other occupants, or the general public to return.** Registered personnel will be notified of the reentry point via local news, radio and [Alert Tampa](#) once local emergency crews have cleared the area for safe reentry. **Once the reentry point is determined, registered personnel will need to take their reentry pass, proof of employment, AND a photo I.D. to the checkpoint. Reentry consideration will be at the sole discretion of the police department and in accordance with the direction of the City Emergency Manager.**

To request passes please complete the required information below. If you already have passes, there is no need to re-register as the passes do not expire. If you have a change in personnel, please request a new pass as they are non-transferable. Email completed form to Shawn Fogarty at [fogarty@westshorealliance.org](mailto:fogarty@westshorealliance.org) or fax to 813-513-2615. Please allow 7 days for processing. **In the event of a hurricane, access cards will not be produced within 48 hours of projected landfall.**
