¹Represents unreimbursed costs for traditional charity care, Medicaid and other means-tested programs, and unbilled community services | ²Includes PRN and employed physicians | ³Includes physicians caring for patients and physicians in leadership roles | ⁴Includes employed, credentialed and community-based physicians, advanced practice providers and other medical professionals | ⁵Includes BayCare Alliant Hospital, Morton Plant North Bay Recovery Center and St. Joseph's Behavioral Health Center

Proton Therapy

- BayCare is bringing one of the most advanced cancer treatments available in West Central Florida.
- Delivers precise radiation treatments to cancerous tumors, using protons instead of X-rays.
- St. Joseph's Hospital Cancer Institute will receive system-wide referrals.

A New Home for Academic Medicine in the Heart of Tampa

BayCare is growing its academic and research efforts at the BayCare Academic Health and Research Corridor adjacent to St. Joseph's Hospitals in Tampa

BayCare Academic Health and Research Corridor

Freestanding Emergency Department

BayCare is expanding access to high-quality emergency care in South Tampa
